Impact force characteristics of walking on flat floor, stairway, and slope for aged persons

Katsuo INOUE, Sho KIMURA and Ryuta TOMITA

Development of 65-node thermoregulation-model for evaluation of thermal environment

Kenta YAMAUCHI, Junta NAKANO and Kozo KOBAYASHI

The study of preferred air temperature in winter

Naomi SASSA, Hiroko KUBO, Norio ISODA and Takako YANASE

Numerical simulation of fire plume-induced ceiling jets using the standard k-ε model

Tetsuo HARA, Motsumi YOKO and Shinuke KATO

Exhaust duct for suppression of suction temperature of outdoor conditioning unit — Suction temperature characteristics of air-conditioner outdoor conditioning unit in multi-level installations (continued report)

Daisuke KISHITA, Hirofumi HAYASHI and Tatsuki KURABUCHI

Flow and concentration fields within and above asymmetric model urban street canyons in a wind tunnel

Experimental studies on gaseous diffusion in urban areas - part 6

Kiyoshi UEBARA, Shuho MURAKAMI, Shinya WAKAMATSU and Tadashi IKEWA

Study on behavior of indoor formaldehyde concentrations in air-tight houses

Takushi OGANO, Yoshika SERINE, Yoshiki SUEAGA, Atsushi NISHIMURA and Hiroshi KOMINE

Data analysis on “cool spot” effect of green canopy in urban areas —

Masakazu MORIYAMA, Hidetoshi KONDO, Atsuo MURAKAMI, Hiroshi MIYAZAKI and Hideto TAKABAYASHI

A study on the evaluation of the impressions of visual spaces using simulation systems

Sumio YAYI, Tadashi ITOU and Hideki KAKEI

A study on the livingstyle of the young and old family’s devided living — In case mongroup folk village inichikawa —

Yoshiko KWEAK, Kazuha OHARA, Kazumasa OGIZUKA and Takao OTSUKI

The analysis of behavioral characteristics of people with severe upper limb disabilities in sweden through cooking

The study on housing environment for people with thalidomide-induced upper limb disabilities

Hiroko MIYAMURA and Nobuko OGAWA

A study on the elderly behavior and living space in a different size of the elderly facilities — The living of elderly and their space usage in 6 facilities in japan and korea —

Hiroshi YAMAGUCHI and Gen TANIGUCHI

Factors determining user’s area of the public performing arts center in the suburbs of a large city

—Case study in n-city performing arts center—

Taito SAKAGUCHI, Yumiko OKA and Minoru KANO

Study of visual characteristics on each seat and theatres as a whole in a opera houses —

Study on the spatial characteristics in theatres and halls

Takashi TAKAGI, Hiroaki TANIGUCHI and Katsuya AMANO

The composition of visibility on the position of host and main guest in the tea room —

A study on architectural plan description and evaluation with “sight-depth”

Keisuke KITAGAWA, Junzo YOKOYAMA, Yukihiro HAYASE, Kazuo FUMOTO and Shigeru WAKAYAMA

The actual state and the spatial characteristics of street performances in the bustling areas —

A study on the characters of urban spaces that will induce communication

Koichi SAKATA, Shiro KASHIHARA, Hidehisa YOSHIMURA and Takashi YOKOTA

Study on image of appearance for chinese and japanese traditional architectures

—Ingeborg LII, Yoshimi KONISHI, Shigeharu NAKAMURA and Yoshihito KATO

A study on community design centers in the unites states — The historical development process and organisational structure

Tamiyo WATANABE and Yoshimitsu SHIOZAKI

A towncape in the residential area and an aspect of housing design

A study on a townscape in the residential area, an aspect of design and a townscape consciousness in sapporo — part 1 —

FUKUSHIMA Ayano and UNO Hiroe

A study on the evaluation structure of the environmental resources — The method of the town planning —

Hiroshi TAMURA and Shu Young TAKO

Network method using connecting ratio in construction scheduling

—Yoshimi DOBASHI, Yoshikazu MASAMURA and Tomohiro YOSHIDA

Statistical analysis on locality in physical types and dwellers characteristics of condominium buildings in tokyo metropolitan region

Hiroshi HASEGAWA, Nobuaki MORIMOTO and Hiroko SAIJO

A condition of condominium supply and an initial establishment of management

A study for formulating a management system of condominiums in chokin metropolitan area — part 1 —

Hiroshi SUZUKI and Hiroko SAIJO

A basic study on the life cycle cost based on the conditions of the maintenance in office buildings

—Hiroshi SUGITA, Teruyuki FUJIKAMI, Shuho MURAKAWA, Daisaku NISHIDA and Hiroshi NISHIMOTO

A study on the “oneshitakotoko” and “onkairaiokitokoro” that built for making the panel paintings of nishimomaru palace in toyo era and honmaru palace in koka era, edo castle

Yukari YAMADA

Meanings in the chunon style farmhouse from the 17th century — From surveys during dismantlement for preservation of the sakakibara family farmhouse in yuzu, yamagata prefecture

—Tatsuo MIHUNE

The architectural control for building of temple and shrines, and building procedures against the rule at the hagi clan

A study on the architectural control at the hagi clan — no. 1 —

Noriyuki TAKAI

The history and the staffs of the architectural section of hokkaido imperial university

Shigeyasu IEGAMI, Takeshi KOSHINO and Yukihito KADO

On outline and evaluation of an architectural publisher, kawagoe-kyoubu

Masaru KAWASHIMA, Masaki YASHIRO and Mitsuo OHKAWA

Design technique of the kiwari of the “kun ke type” in the “gong cheng zuo fa ze li.”

Zhang lou — zuan jian lou • jian lou

Kazuo NAKAMURA, Yasuo TAKAI, Jian ZHANG and AiJIA NAITO

Typology of the polychromy — Study on polychromy in the late medieval religious architecture in tuscany — vol. II —

Kazumi YOSHIDA

Structure of measurement and proportion found in the cistercian church plan of l’escalier-dieu abbey

—Masatsugu NISHIDA

Description of the grave monument — III — Architectural survey of ancient city of messene in greece (1)
