JOURNAL OF ARCHITECTURE, PLANNING AND ENVIRONMENTAL ENGINEERING (Transactions of AIJ)

December 2001 Number 550

Flame size and heat transfer correlations for the surface burning of a ceiling and implications for the structure of ceiling flames...Yasuhiko Hashemi and Masashi Yoshida 1

A fundamental study on estimation of global and direct solar radiation by the geostationary meteorological satellite images...Yoshikazu Uetani 7

The evaluation of the townscapes in the public spaces at night...Naonori Yoshihara, Tatsunori Ishihara and Kotaro Hiramizu 15

Proposal of the estimation of the heat transfer coefficient on the building surfaces as the wall function of the k-e model focuses on the outdoor thermal environment...Part 1: field measurements...Aya Hagishita, Koji Tsuchimatsu, Jun Tanamoto and Tatsuhiko Katayama 23

Effectiveness of ceiling radiation cooling/heating system using well water and assessment of comfortableness by residents in experimental house...Hitoshi Takeda and Miyou Yamamoto 31

Numerical evaluation of residential ventilation systems' performance...From the point of view of long-term exposure to pollutants and energy consumption...Jian Liu and Hiroshi Yoshino 39

Analysis on turbulence structure of a lathe lathe tool passage air through in building area...N., Tsus, S., O., and S., O. 47

Field investigations on inq in museums and examination of methods for monitoring...Pilot study for air quality guidelines in museums...Part 1...Toshihiko Watanabe, Masahiro Hori and Hiroshi Tsukahara 55

Evaluation on chilled-water thermal energy storage HVAC systems with large water temperature differences by simulation...Hai Yu, Jun Cui, Yoshihiko Watanabe, Yasuyuki Akashi and Norimitsu Nishiyama 63

A study on prediction control of the latent storage floor heating system in an office room under air conditioning...Prediction of control of the required thermal energy using the simulation model...Mami Mihama, Yoshitaka Anzai and Takashi Kishimoto 71

An organic model for quantitative estimation of heat island by the revised architecture-urban-soil simulations...H. U. Y. and H. S. 87

A study on the reproduction of the actual space on the virtual simulation system for the residential environment...The evaluation on brightness, space and length perception and a sense of reality...Naoko Yoshinawa, Jun Tanamoto, Tatsuhiko Katayama and Kenji Ohta 95

A study on distance perception using a visual simulator linked with walking motion...Ryoji Ohga, Masaki Katayama, Yoshinori Komatsu and Masaaki Soida 103

Study on new definition of life cycle cost coordinated to investment evaluation way of private company...Akira Takakusagi 111

Discussion on the evaluation methods of perceived air quality and performance of workers in an actual office...Tae-Sun Gohara and Go Isawata 117

The on the plate of daily life in mid-rise walk-up apartment dwelling complexes in Harbin...A study on the community life in a apartment dwelling complexes in China...Yoshio Sakurai and Jie Song 125

Actual conditions and trends of the dwelling style of "taking off shoes and putting on slippers...in urban apartments in china"...Zhong Zhao and Noriko Imai 133

Playing environment and sense of belonging in childhood...Ayako Ichihara 141

A mathematical model on design of banks of elevators in the office building...Optimical design for designing system using system...Shinjiro Kuroawa and Osamu Kurita 149

Architectural planning of playrooms in children's hospital wards from a play-environment point of view...Ayako Urazoe, MitsuhiroSendai, Yoshitaka Tsuru and Tatsuru Yata 157

A study of resident's physical spatial environment in common space...Analytical case study of a nursing home with private rooms...Tatsuya Nishino, Satoshi Ishii and Yasuyuki Naganuma 165

Design theories of contemporary Japanese architects on public architecture...Study on social aspects...Monographs...Yasutaka Tanigawa and Shin-ichiro Okuyama 173

Estimation on a number of housing stocks by construction year...Takashi Ohno 181

A study on sitting behaviors of visitors of art museums in a day of outing activities...Takafumi Oshima, Tatsuya Amano and Hirokazu Taniguchi 189

Areas of activity and consciousness of riverside inhabitants from the point of view of the river's form...Shigeru Asai, Yuriko Watanabe and Yasuhiro Sakaue 197

A study of regional variations of "sashu"" fukagawa"" types in the core of the Minakabuka area...Considerations about relations between form and regional background...Seiji Nakamura 205

The influence of "the policy of bridge construction" on main industry in the island...Case study on the change over time of earthquake disaster danger caused by expansion of developed areas...Analysis on emergency rescue, refuge, and landscape of densely inhabited district in yokohama city...Shojo Jing and Satoru Sadahara 213

A study on the construction process and characteristic of tai-zhong city planning under Japanese rule...Yoshio Chigusa and Hakugou Ikehata 221

Study on the reconstruction planning of cities damaged at the destructive fire after world war II...Shin-ichiro Chigusa and Tatsuya Takeda 229

A study on determining development factors and their components for technical cooperation to developing countries in architecture...Hidetaka Kitajima and Satoru Sadohara 235

Optimization system of sub-package problem in building construction project using mathematical programming...Jin Nohtate, Shuko Furusaka, Katsuki Fujisawa and Tatsuya Kawai 243

The realities and historical means of reorganization of hakata in early modern time...Through the construction of the construction year and master of building materials...Takashi Kojima 251

The shinden, the tai and the dei + the souchi + the samuraidokoro as the space of the initiation ceremony...On the ceremonial space of the aristocratic residence in the heian period...Koichi Inada, Yosuke Naoe and Kentaro Yoshida 259

The process of enacting shrine preservation in the early meiji period...Yusuke Oaki 267

A study on the structural features of the traditional houses in the northern viet nam, bac ninh province and nam dinh province...Yasuo Tanabe and Yukiya Yamada 275

The appartement de la reine of versailles and the war of destruction...Takashi Nakaoka 283

Treatment of wall on modern kitchen...Masahiro Koyabashi 291

The design process of "stuzen-messer-fabrikation" of fuchsia shoe-last factory...Formation of volumetric form of w. gruppis...Hideto Tomita and Yoshina Segimoto 297

On architect's methodological concept and his work: An inquiry into the modern houses thorough analysis of the processes of form modifications...Tadano Mafuji 305
