

Editor's Note:

The Editorial Committee of this Journal wishes to acknowledge with regret that "Proteomic Analysis of Proteins that Binds Specifically to the Homologous Repeat Regions of White Spot Syndrome Virus" by Qin Li, Feng Yang, Jinghai Zhang, and Yingjie Chen which was published in Vol.26 (2003), p. 1517 of this Journal, has been found to contain no reproducible results, according to proposal by the authors.

Thus it should be noted that the above-mentioned paper by Qin Li, Feng Yang, Jinghai Zhang, and Yingjie Chen should be deleted or totally revised.

For this reason, as of March 19, 2004, this article (including its abstract and references) has been removed from this site.
