Cardiovascular Epidemiology in Asia

CVD Risk Factors in Asia 2851

Reviews

Medical Treatment for Abdominal Aortic Aneurysm 2860
Inherited Cardiac Arrhythmias 2867

Editorials

Fragmented QRS and Cardiovascular Events 2873
Amiodarone Withdrawal and Thyrotoxicosis 2875
Pleiotropic Drugs and No-Reflow 2877
Genetic Variants and DCM 2879
Mg and LVH in Hemodialysis Patients 2881
RIC to Heart and Kidney 2883
Bone Marrow Rejuvenation 2886

Original Articles

Arrhythmia/Electrophysiology
Fragmented QRS and Death in Inducible VT/VF 2889
Late Amiodarone-Induced Thyrotoxicosis 2898
Asymmetry of AV Conduction Variability 2904

Cardiovascular Intervention
SYNTAX Score in ‘Limus’ Stents 2912
Gore Septal Occluder for Percutaneous PFO Closure 2922
