Research Papers

Sudo, K., K. Ochiai, T. Ikeda and K. Umemura  The Effects of Grass Species, Harvesting Time and Grazing Intensity on the Efficiency of Pasture Utilization and Herbage Nutritive Value  137-145

Yamada, D., M. Higashiyama, M. Yamaguchi, T. Shibuya, K. Shindo and S. Tejima  Spatial Distribution of Cattle Urine Excretion and Urine Nutrients on a Sloping Pasture  146-152

Inoue, H., R. Uegaki, M. Tohno, H. Kobayashi, M. Matsuo and T. Ibuki  Effect of Processing on Fermentative Quality of Fully Ripened Rice Grain Silage  153-165

Morita, M., M. Isikawa, N. Yoshida, K. Horiguchi and T. Takahashi  Influence of Ammonium Sulfate Fertilizer Recovered through Ammonia-collecting Equipment on Growth and Yield of Forage Rice  166-172

Hattori, I., M. Kamiya, T. Suzuki, K. Nishimura, K. Sato and N. Kato  The Effect of Ensiling Season, Storage Period and Mixture Ratio of Shochu Condensed Distiller Grain on the Fermentation Quality of Fermented TMR  173-182

Short Report

Asai, H. and Y. Yoshimura  Chemical Control of American Black Nightshade (Solanum americanum Mill.) in Silage Cornfield  183-185

Special Feature

Development of New Measures for Damage to Grassland Caused by Sika Deer (Cervus nippon) and for the Use of Captive Sika Deer

Masuko, T.  Preface  186

Tsukada, H.  The Utilization of Grasslands by Sika Deer (Cervus nippon) and Its Feeding Damage in Grasslands  187-192

Ishikawa, K. and R. Kitahara  Development of Deer (Cervus nippon) Capture and Repel Techniques with the Dog (Canis familiaris) in a Pasture Land  193-199

Masuko, T., K. Souma, M. Hayashida, M. Hisanaga, T. Ikenaga and N. Ishikawa  Status of Measures for the Use of Community Resources Generated from Captive Yeso Sika Deer (Cervus nippon yesoensis) and Proposal of New Measures  200-211
