ERRATA

Corrections of the captions and the figure in the paper “Desulfurization of Liquid Steel by Passing Steel Droplets through a Slag Layer” by Michelia ALBA, Sung-Hoon JUNG, Min-Su KIM, Ji-Young SEOL, Seung-Jin YI and Youn-Bae KANG. ISIJ International, Vol. 55 (2015), No. 8, pp. 1581–1590
DOI: 10.2355/isijinternational.ISIJINT-2015-120

There are typos in captions for the Figures 8 and 9. They are currently shown as:

Fig. 8. Decrease of [%S] in steels reacted with various slags at 1 873 K. [%S]₀ = 0.006 ppm, and reacted mass of the steel was ~ 0.2 kg.
Fig. 9. Decrease of [%S] in steels of various mass at 1 873 K. [%S]₀ = 0.006 ppm, and Slag 3 was used.

They should read as:

Fig. 8. Decrease of [%S] in steels reacted with various slags at 1 873 K. [%S]₀ = 0.006, and reacted mass of the steel was ~ 0.2 kg.
Fig. 9. Decrease of [%S] in steels of various mass at 1 873 K. [%S]₀ = 0.006, and Slag 3 was used.

Also, Fig. 13 should be replaced by the following figure:

![Figure 13](image-url)

Fig. 13. Comparison between the model calculations (lines) and the experimental data (symbols). The conditions are the same as those in Fig. 9. (Online version in color.)
