President of the 6th ISLSM, 1985
President of the 5th APALMS, 1994

A Letter to the Editor

To Toshio Ohshiro, of Laser Therapy the Editor-in-Chief,

I wish to inform you that to me it is a relief
That the official one of the ISLSM is your journal,
And I trust that this appointment will be eternal.

The ISLSM was the first of its kind
And is the most active that you are likely to find.
It was founded in nineteen-seventy-five,
So for thirty-four years it has managed to survive.

It has done much to promote the use of the laser
In medicine and surgery, and is a real trail-blazer.
As the founder and first president of this society
I feel that I have a certain propriety.

So, with all sincerity, I wish to express
My heartiest congratulations, and wish you success!
