CONTENTS

Preface .................................................................Kenichi Uemura 3

Original Articles
A Delayed Intracerebral Hematoma after an Aneurysmal Neck Clipping:
A Retrospective Study ..........................................................Satoru Kubota, Chikao Nagashima, Toshikazu Masuda, 4
Shigehiro Ohmori, Hiroaki Ogura, Mitsuaki Niihara, and Hiroshi Fukushima
A Stereotactic Biopsy of the Posterior Fossa or Occipital Lesions with the Patient in the
Sitting Position under a Local Anesthesia ..................................................Takamichi Taira, Hirotsune Kawamura, 9
Tatsuya Tanikawa, and Hiroshi Iseki
An En-bloc Resection of a Malignant Frontal Base Tumor through a Combined Transbasal
and Transfacial Approach ..........................................................Katsuhiko Kawakami, Yasuo Kawamura, Kohichi Matsumoto, 15
Keiji Kawamoto, Hiroyuki Tsuji, and Hideo Nameki
Gadolinium-DTPA-enhanced MR Imaging of Cerebral Infarctions
.................................................................Yasushi Shibata, Koichi Sugimoto, Hiroko Onizuka, 23
Takayuki Matsuki, and Tadao Nose

Case Reports
A Dural Arteriovenous Malformation in the Anterior Fossa associated with an Aneurysm
of the External Carotid Artery: A Case Report ...............................Kiyoshi Yamamoto, Makoto Toyama, 29
Hiroshi Masuda, Tsutomu Kobayashi, and Tadashi Kawaguchi
A Spontaneous Dissecting Aneurysm of the Cervical Internal Carotid Artery: A Case
Report .................................................................Tomoichiro Kimura, Manabu Tashiro, 35
Satoshi Miyahara, Shinichiro Wakisaka, and Kazuo Kinoshita
Aspergillus Brain Abscess which Calcified Remarkably in Short Time
........................................................................Chihashi Fukaya, Takeshi Maeda, Takamitsu Yamamoto, 39
Yoichi Katayama, and Takashi Tsukaboku
Cotrel-Dubousset Instrumentation for a Degenerative Spondylolisthesis of the Lumbar Spine
........................................................................Kyo Niijima, Yasuhiro Yonekawa, Narayan Sundaresan, and Kiyoshi Kakekawa 46
The Surgical Repair of Painful Tic Convulsif: A Case Report
........................................................................Shinya Ohkishi, Tooru Inoue, Yasuhiro Hamada, and Haruo Matsuno 51
The Perioperative Management of Chronic Hemodialysis Patients requiring Neurosurgery
: A Hemodialysis Case with a Glioblastoma ........................................Hidenobu Ochiai, Shinichiro Wakisaka, 57
Kazuyoshi Aono, and Yoshitaka Yamamoto
The Clinical Use of Endoscopy to Evaluate Syringomyelia: A Case Report
........................................................................Fuminori Ozaki, Yukiaki Ryuji, Tomaoki Terada, Kunio Nakai, 61
Torn Itakura, Norihiko Komai, and Naoki Tsuji

Brief Notes
A Case of an Intracranial Aneurysm associated with a Familial Polycystic Kidney Disease
........................................................................Naoya Hashimoto, Masahito Fujimoto, Kazuaki Yamamoto, 66
Takahiko Sakakibara, and Tarumi Yamaki
A New Versatile Spatula with a Rounded Tip for Corticromies
........................................................................Shinichiro Harada, Tsuneo Nakamura, Hiroshi Inoue, 70
Hikaru Sasaki, and Hironori Sugawara
The Use of a Double Balloon Catheter for the Balloon Matas Test in Cases of Ostial Stenosis
of the Internal Carotid Artery ..........................................................Takahisa Mori, Masahiko Arisawa, Sinya Honda, 74
Masaaki Fukuoka, Masahiko Kurisaka, and Koizuki Mori
