日本自然科学集報 第4・5巻

昭和53・55年

小林 貞一

Recent Progress of Natural Sciences in Japan, Vols. 4 and 5, 1979 and 1980

Teiichi KOBAYASHI

JSCで輯報類6種が廃刊されて昭和51年から上記の集報が年刊となって出ていることについては、既に本誌87巻に紹介した。その4巻は地球化学篇で、第5巻は地理学・陸水学篇である。両巻共私の専門分野ではないが、皆地球の科学であって、特に関心のある少数の記事を読んで大変有益であった。またこの集報は私と因縁の深い輯報類の遺物に外ならないので、その利用と永続と発展を希いつつ両巻中の標題と筆者を列記する。

Vol. 4, 1979.

Remarkable Aspects of REE Geochemistry,
with Particular Reference to Bulk Partition Control Effect of Integral Natures,
by MASUDA, A.

Carbonate Sediments, by KITANO, Y.
Japanese Geochemical Activities in the Antarctic, by TORII, T. and WATANUKI, K.

Volcanic Exhalations, by MATSUO, S.

Isotopic Water-Rock Interaction at Hydrothermal Temperatures, by KUSAKABE, M.

Lead Isotopes of Igneous Materials, by SATO, K.

K-Ar and Rb-Sr Dating in Japan, by SHIBATA, K.

Alpha Radioactive Nuclides in Geochemistry, SAKANOE, M.

Earthquake Prediction by Geochemical

Techniques, by WAKITA, H.

Rare Gases in Meteorites and Terrestrial Samples, by TAKAOKA, N.

Long-Lived and Stable Nucleides Produced in Extraterrestrial Materials, by HONDA, M.

Cadmium in the Environment in Japan, by YAMAGATA, N.

Insoluble Organic Matter in Sediments and Its Geochemical Role, by ISHIWATARI, R.
Nuclear Techniques Applied to Archaeological Objects, by MABUCHI, H.

Vol. 5, 1980.

Recent Trends of Geographical Study in Japan

Japanese Geomorphology in the 1970's, by KAIZUKA, S. SUZUKI, T. KOIKE, K. ONO, Y. and HIRANO, M.

Some Aspects of Glaciological Studies, by YOSHIDA, Y.

Climatological Studies, by T. KAWAMURA
Hydrological Studies, by TASE, N.

Recent Movement in Oceanographic Researches, by MOGI, A. and NITANI, H.
Biogeography and Medical Geography, by YOSHINO, M. T.

Recent Studies of Soil Geographical Study,

by MATSUI, T. KATO, Y. NAGATSUKA, S.
MITSUCHI, M. HAMADA, R. and ASAMA,
S. Physical Geography of Land Systems, by
MITSUI, K.

Recent Major Discussions of Economic
Geography, by OTA, I.

Progress of Studies on Population Geog-
raphy, by OTOMO, A.

Recent Trends in Urban Geography of
Japan, by ITO, T. and WATANABE, Y.

Cultural and Social Geography, by
SAKAI, T. ISHIHARA, H. and OHJI, T.

Historical Geography, by TANIOKA, T.
TAKAHASHI, S. KINOSHITA, R. TAKA-
SHIGE, S. FUJIMOTO, I. and AOKI, E.

Regional Geography, by ISHIDA, H. and
NAKAYAMA, S.

The Fifty Years' Progress of Quantitative
Geography, by OKUNO, T.

Thematic Maps of Japan, by TAKASAKI and

OTAKE, K.

Recent Progress of Limnology in Japan
General Description of Inland Waters in
Japan, by KAYANE, I. MORI, K. SUGA-
WARA, K. and MITSUI, K.

Physics, by ARAI, T. OKUDA, S. NAKAO, K.
KIKKAWA, K.

Chemistry, by NAKAMOTO, N. OGURA, N.
KOYAMA, T. SATAKE, K. and MATSUDA,
S.

Biology, by OKINO, T. IKUSHIMA, I. KU-
NI, H. NARITA, T. MIZUNO, T. YA-
SUNO, M. KAWANABE, H. TEZUKA Y.
and WATANABE, T.

Paleolimnology of Lake Biwa, by SUGA-
WARA, K.

Limnological Investigation Programs Exe-
cuted by Groups of Japanese Scientists
Outside the Country, by SUGAWARA, K.

(1980年5月7日受理)
