
CONTENTS

1. Trip Distribution Modeling in Tokyo Bay based on AIS Data
   El-Hocine TASSEDA and Ruri SHOJI (1)

2. Sharing Watchkeeping Information using AIS Application Specific Message
   Yohei MATSUMOTO (9)

3. Study of the Improvement of Port State Control in Algeria
   A.AZOUAOU, S.FUJIMOTO, M.MELZI and M.OMAE (18)

4. Study of the relation between VHF and Rules of the Roads
   Reizo WAKITA, Saeko FUJIWARA and Shoji FUJIMOTO (25)

5. A Study on Effects of the Horizontal Distance between two Masthead Lights on Lookout by Other Vessels
   A Case of Collision between Guided Missile Destroyer “Atago” and Fishing Boat “Seitokumaru”
   Tomohisa NISHIMURA (33)

6. A Study to Identify an Effect of Reduction in Carbon Dioxide Emissions in the Iron Ore Import Using the Yangtze Estuary Deepwater Channel
   Xiaoli XIAN and Hisayuki KUROKAWA (40)

7. Verification of Ocean Wind Forecasts from Global Numerical Prediction Models in the Middle-East and North Pacific Routes
   Jun TANEMOTO, Teruo OHSAWA, Katsutoshi KOZAI and Shigeaki SHIOTANI (48)

8. A Feasibility Study of SMCP-based Vessel Traffic Service
   Koichi SAITO and Naoyuki TAKAGI (57)

9. Protection for Seafarers in International Shipping
   Implementation by UNCLOS and Issues
   Shin HEMMI (63)

10. Consideration about the Impact of Bottom Fouling of the Light Alloy Medium-Sized Vessel on the Vessel Speed and Fuel Oil Consumption
    Kenichi SHIMIZU, Yasuhiro MORII, Tsukasa KINOSHITA and Hisaaki TAKAYAMA (75)

11. Yard Arrangement Planning at the Container Terminal Operated by Straddle Carriers
    Etsuko NISHIMURA and Soichiro EMURA (81)

12. Reproduction of Dynamic Behavior of a Moored Large Coal Carrier during the 2011 Tohoku Earthquake and Tsunami
    Shigeki SAKAKIBARA, Ikuo ABE, Masanori TSUGANE and Masayoshi KUBO (89)

13. The Function of the Hazard Map to Reduce Marine Accidents
    Makiko MINAMI, Toshimasa KIKUCHI and Hiroko ITOH (100)

14. Experimental Study on Change of Fuel Consumption in Waves -I.
    Examination by Captive Model Tests
    Akira SAITO, Kazuki MIYAJIMA and Toshio ISEKI (106)

15. A Fundamental Study on Wave Energy Absorption Performance of the OWC Type Wave Power Absorbing Buoy
    Mitsuhiro MASUDA, Shin IBARAKI, Kiyokazu MINAMI and Yutarou SASAHARA (113)

16. A Study on Applicability to Performance of the Movable Break Water for Tsunami Damage Protection
    Mitsuhiro MASUDA, Yoshishiko FUJITA, Eigai HAMADA and Kiyokazu MINAMI (119)
17. A Study on Damage Control of Vessels Moored to the Wharf in Tsunamis (Part 2)  
   - About the Validity of Floating Pier Mooring -  
   ------------------- Mitsuhiro MASUDA, Yosuke HASHIMOTO, Kiyokazu MINAMI and Koichi MASUDA ----- (125)

18. A Study on Damage Control of Vessels Moored to the Wharf in Tsunamis (Part 3)  
   - Proposal of the Floating Tsunami Protection Wharf -  
   ----------------------------------------------- Mitsuhiro MASUDA, Kiyokazu MINAMI and Koichi MASUDA ----- (131)

19. Development of Efficiency Measurement for Container Handling Equipment  
   - Application for Hybrid Straddle Carrier -  
   ------------------------------------------ Putu HANGGA, Takeshi SHINODA, Shozo TAKAHASHI and Kazuhiro HIYOSHI ----- (139)

20. Establishment of Evaluation and Decision Making Model for Cargo Transportation System in Indonesia  
   ------------------------------------------ Sumanta BUANA and Takeshi SHINODA ----- (149)
