Journal of the Japanese Association for Crystal Growth
Vol. 38, No. 3, 2011

Contents

Foreword
Innovative Use of Light and Crystal Growth .......................... Hiroshi Masuhara • 1 (159)

Special Issue: Light-induced Crystal Growth
Ed. by Tetsuo Okutsu

Preface
Preface for Special Issue “Light-induced Crystal Growth” .......... Tetsuo Okutsu • 2 (160)

Review
Protein Nucleation Triggered by Femtosecond Laser-Induced Cavitation Bubbles ..................... Hiroshi Yoshikawa, Ryota Murai, Shigeru Sugiyama, Hiroaki Adachi, Hiroyoshi Matsumura, Tsuyoshi Inoue, Satoshi Murakami, Kazufumi Takano, and Yusuke Mori • 3 (161)

Review
Crystal Growth Induced by Laser Trapping of Clusters in Solution ................................................................. Teruki Sugiyama and Ken-ichi Yuyama • 11 (169)

Review
Photochemically-induced Crystal Growth of Protein .......... Tetsuo Okutsu • 19 (177)

Review
Photoelectrochemical Growth and Reactions of Oriented Silver Nanocrystals ...................... Emiko Kazuma and Tetsu Tatsuma • 25 (183)

Review Article
Photo-induced Shape Changes of Silver Nanoparticles. -Fabrication of Nanocrystals from Spherical Particles- ........................... Takeshi Tsuji • 32 (190)

Review
Water-Aerosol/Droplet Formation by UV-Light Irradiation in Air .......................................................... Keitaro Yoshihara, Yoshiki Takatori, Yoshizumi Kajii • 41 (199)

News of JACG

Community News
Edison medal: Prof. Isamu Akasaki ...................................... Yoshikazu Takeda • 46 (204)

Report
Report from the 5th International Workshop on Crystal Growth Technology (IWCCT-5) .................................................. Yoshinao Kumagai • 47 (205)

Report
18th American Conference on Crystal Growth and Epitaxy ............ Satoshi Uda • 48 (206)

Report
Spring Special Meeting of the Japanese Association for Crystal Growth “Historical Views of Discoveries and Developments in Bulk Semiconductor Crystals” .................................................. Takao Abe • 50 (208)
