Education Lecture – Diagnostic Imaging Series for Dairy Clinical Practice:
Genitourinary System in the Pelvis
- The Knowledge Required for Imaging the Pelvic Organ
  KAZUSHI SHIGENO  1107

Basic Lectures – MR Series
- MR Angiography (MRA)
  TOSHIO TSUCHIHASHI  1112

Scientific Lecture Series
- For Better Presentations
  JUNJI MORISHITA, et al  1123

Committee News
- About the Yakuj Regulation of the Electromagnetic Compatibility (EMC) Performance of Medical Electrical Devices
  HIDEAKI YAMAMOTO, et al  1128

Students' Pages
- Reports on the 59th Congress of Japanese Society of Radiological Technology
  YURIKO OHTANI  1133
- Reports on the 59th Congress of Japanese Society of Radiological Technology
  TOMOMI KOMADA  1136
- Reports on the 59th Congress of Japanese Society of Radiological Technology
  KYOKO NOHARA  1139

JIRA Topics
- New Hope for Winning the War Against Cancer: IMRT = Intensity-Modulated-Radiation-Therapy – Part 5 –
  CHUDO KAZUSA  1142

Scientific Papers

Originals
- Questionnaire Survey on Teleradiology for Radiological Technologists; Analyses by Age Group and Facility Type in Hokkaido
  KATSUHIKO OGASAWARA  1147
- Construction of DICOM-WWW Gateway by Open Source and Application to PDAs Using the High-speed Mobile Communications Network
  NORIYA YOKOHAMA  1155
- Examination of Measurement and Its Method of Compensation of the Sensitivity Distribution Using Phased Array Coil for Body Scan
  TETSUYA KIMURA, et al  1164
- Investigation of Beam Quality for Digital Chest Radiography with RbBr:Tl Photostimulable Storage Phosphors
  HIDEMICHI KAWATA  1174

Clinical Technology
- Gastric Functions Using Capsules Containing Contrast Medium: Characteristics in Patients with Esophagitis
  YOSHINORI OTA, et al  1183

Data
- Radiation Management for Infectious Waste from Nuclear Medicine Studies
  YUJI KONDO, et al  1187
