CONTENTS

The Journal of the Japan Society for Bronchology
Vol. 26, No. 1 January 2004

Review Articles
Concepts and Methods of Lung Liquid Biopsy ..................................Seitaro Fujishima .............. 7
The Diagnosis of Interstitial Pneumonia by Liquid Biopsy ......................Shoji Ohno ...................... 10
Diagnosis of Lung Infection by Liquid Biopsy ..................................Makoto Yonemaru .............. 17
Clinical Application of Bronchoscopic Liquid Biopsy in COPD ..............Tomoko Betsuyaku .............. 22
Diagnosis Using Liquid Biopsy in Lung Tumors ..................................Noriharu Shijubo .............. 28

Original Articles
Efficacy and Problems of Tracheobronchial Stents Implantation
for Airway Disease ..........................................................Masayuki Tanahashi, et al. ....... 33
Efficacy of the TE-24BL for Microwave Coagulation Therapy
for Airway Tumor ...............................................................Takashi Seto, et al. .............. 39
Airway Stenting for Central Airways Stenoses ................................Hideki Miyazawa, et al. ....... 43
Assessment of Stenting for Tracheobronchial Stenosis .........................Hiroyuki Hino, et al. .......... 51
Bronchoscopic Approach for Primary Type

Case Reports
Treatment of Central Airway Obstruction
—Endobronchial Polypectomy Under Endoscopic Electroscopy
Using a High Frequency to Generate Heat in Five Cases ......................Shinji Yamaguchi, et al. .... 62
A Case of Pulmonary Cryptococcossis With Multiple Cavities
Indicated by Brushing Cytology Specimens ................................Yojiro Onari, et al. .......... 78
Benefit of Laryngeal Masks
in the Extirpation of Airway Foreign Bodies in Infant .........................Mikio Masuda, et al. ....... 83
A Case of Interstitial Pneumonia With Positive
Drug Lymphocyte Stimulation Test for Methotrexate
Using Bronchoalveolar Lavage Fluid Lymphocytes ........................Yoshiki Kobayashi, et al. .... 88

Special Contribution
Role of Bronchoscopy in the Management
of Lung Transplant Recipients ..............................................David Roe, et al. .......... 68
