CONTENTS

The Journal of the Japan Society for Respiratory Endoscopy
Vol. 27, No. 8 December 2005

Symposium 1
Role of Bronchial Intervention
at the Treatment of Advanced Lung Cancer Patient ..........................Yoichi Watanabe, et al. ..... 561
Interventional Bronchoscopy in the Management of
Early and Advanced Stage Lung Cancer of the Central Airways .......Shigemi Ishikawa, et al. ..... 565
Bronchoscopic Diagnosis in a Patient
With Centrally Located Early-stage Lung Cancer ..........................Yuka Matsuoka Miyazu, et al. --- 571
Photodynamic Therapy Using Autofluorescence Bronchoscopy ......Kyoko Nakanishi, et al. ........ 576
A Comparative Study of Sasada Transbronchial Angled Forceps
for the Tissue Biopsy of Peripheral Pulmonary Lesions
Which Are Difficult to Reach With Standard Forceps ..............Shinji Sasada, et al. ............... 580

Symposium 4
The Analyses of Angiogenesis in Bronchial Squamous Dysplasias
Using a High Magnification Bronchovideoscope
Combined With Narrow Band Imaging ...........................................Kiyoshi Shibuya, et al. .......... 592
Results and Assessment of EBUS for Tracheobronchial Lesions ..........Norio Kurimoto, et al. .......... 596
Thoracoscopy by the Flexible Bronchoscope
—for Popularization of Thoracoscopy by Bronchoscopists— ..........Hiroshi Semba .................... 603
Analysis of Pulmonary Epithelial Lining Fluid by Bronchoscopic
Microsampling Method for Various Pulmonary Diseases ..............Masazumi Watanabe, et al. ..... 606

Workshop 2
Peripheral Visualization and Analogy of Pathophysiology of
Chronic Lung Diseases Using Ultra-high-resolution CT ..........Hirohiko Ikura, et al. .............. 611
Imaging and Physiology of Peripheral Airway With SPECT ................Kazuyoshi Suga ............... 617
Role of Small Airways in Asthma:

Poster 8
Bronchoscopic Findings in Patients With Primary Type
Mycobacterium Avium-intracellulare Complex Infection ..........Soichiro Kanoh, et al. ............... 630
