The Journal of the Japan Society for Bronchology
Vol. 27/Nos. 1～8 Index of Contents 2005

Review Articles

Sarcoidosis and Practical Bronchoscopy ........................................... Hideo Kobayashi ...... 7
Hypersensitivity Pneumonitis and Bronchoalveolar Lavage .................... Moritaka Suga ...... 12
BAL Indications and Significance in Patients With Idiopathic Interstitial Pneumonia ................................................ Sonoko Nagai, et al. ...... 19
The Role of Transbronchial and Video assisted Thoracoscopic Lung Biopsies in the Diagnosis of Idiopathic Interstitial Pneumonias ............................... Koushi Yokomura, et al. ...... 26
The Diagnostic Utility of Bronchoscopy in Eosinophilic Pneumonia .......................... Takashi Ogura ...... 32
The Efficacy of Fiberoptic Bronchoscopy in Rare Diseases—Pulmonary Alveolar Proteinosis, Lymphangiomatosis and Pulmonary Langerhans’ Cell Granulomatosis— Hiroshi Ono, et al. ...... 37
Esophageal Endoscopic Ultrasound-guided Fine Needle Aspiration Cytology or Biopsy .................. Yoko Murata ...... 105
Transbronchial Needle Aspiration Guidance With Computed Tomography in Mediastinal and Hilar Lesions .................................. Takaaki Tsuchida, et al. ...... 110
Endobronchial Ultrasound Guided TBNA for the Diagnosis of Hilar and Mediastinal Lesions .................................. Kazuhiro Yasufuku, et al. ...... 114
Minforceps Biopsy for Mediastinal Nodes .................................. Masahide Oki, et al. ...... 121
The Diagnostic Yield of Fiberoptic Bronchoscopy for Small Peripheral Nodules ...................... Akira Fujita ...... 279
The Ultra-Slim Fiberoptic Bronchoscope As a Diagnostic Tool in Pulmonary Peripheral Small Lesions .................................. Mafumi Niihama, et al. ...... 285
Endobronchial Ultrasonography in the Diagnosis of Peripheral Pulmonary Lesions .................. Noriaki Kurimoto, et al. ...... 290
Bronchoscopic Microsampling Method for Diagnosis of Small Lung Adenocarcinomas—From Tumor Marker to Proteome Analysis— Masazumi Watanabe, et al. ...... 296
CT-guided Bronchoscopic Biopsy for Small Peripheral Pulmonary Lesions ................ Toshiaki Kobayashi, et al. ...... 302
Removals of Long-standing Bronchial Foreign Bodies by Rigid Bronchoscope for Thoracotomy Candidates ...................................... Kinya Furukawa, et al. ...... 511
Bronchial Foreign Bodies in Adults .............................................. Koichi Kaneko, et al. ...... 518
A Review of Bronchial Foreign Bodies in Adults: Four Cases Experienced Recently ................ Sayako Kitaguchi, et al. ...... 524
Airway Foreign Bodies in Our Institute ................................... Morihiro Kiyosho, et al. ...... 529
Removal of Bronchial Foreign Bodies Using a Flexible Bronchoscopy Under Local Anesthesia ...................................... Koji Kiyoshi, et al. ...... 533

Original Articles

Endobronchial Ultrasonography With a Guide-sheath (EBUS-GS)
for Peripheral Pulmonary Lesions ........................................... Eiki Kikuchi, et al. ...... 43
Bronchoscopic Treatment for Malignant Central Airway Stenosis ................ Masato Kanzaki, et al. ...... 50
Dynamic Stent Implantation for Stenosis of Carina ................................ Sotarou Enatsu, et al. ...... 357
Early Experience of Real Time Endobronchial Ultrasound-Guided Fine Needle Aspiration for the Diagnosis of Mediastinal Lymph Node Metastasis in Lung Cancer Patients Hisashi Oishi, et al. ...... 361
A Follow up Study of Lung Cancer Patients With Residual Disease at the Bronchial Stump ........................................... Katsunari Matsuoka, et al. ...... 437
Videothoracoscopic Lung Biopsy in Patients With Diffuse Lung Disease ................................ Hiroyuki Sakurai, et al. ...... 442
The Effectiveness of Minitracheotomy (Cricothyroidotomy) During the Postoperative Period
Satoshi Yamamoto, et al. 538

Case Reports

A Case of Microscopic Polyanagitis With Proceeding Chronic Interstitial Pneumonia and Diffuse Alveolar Hemorrhage
Takayuki Matsuhiisa, et al. 55

Endobronchial Foreign Body (Plum Stone) Caused by a Traffic Accident
Mayumi Kawanata, et al. 60

A Case of Chronic Eosinophilic Pneumonia Associated With Elevated Serum CEA
Yoshitaka Oyamada, et al. 65

A Case of Foreign Body Aspiration of the Head of a Small Prawn by a Healthy Young Adult
Hirokazu Taniguchi, et al. 70

A Case of Pulmonary Actinomycosis With Bacterial Clots Observed by Bronchoscopy
Yasutaka Arimura, et al. 131

A Case of Congenital Tracheal Diverticulum With Repeated Pneumonias
Yasuho Takiguchi, et al. 136

Two Cases of Lung Cancer Undergoing Pre-operative Barium Marking Using an Ultra-thin Bronchoscope
Mikado Imura, et al. 139

A Case of Long Survival Adenoid Cystic Carcinoma Without Surgical Treatment
Izumi Kishiro, et al. 307

A Case of Primary Tuberculosis With Persistent Mediastinal Lymphadenopathy After Anti-tuberculosis Therapy
Kenji Mizumura, et al. 313

A Case of Wegener’s Granulomatosis That Recurred With Bronchial Lesions After a Long-term Stable Phase
Yukiko Tsuburaya, et al. 320

A Case of Tuberculous Mediastinal Lymphadenitis With an Inflammatory Bronchial Polypoid Lesion
Masaki Tominaga, et al. 325

Extralobar Pulmonary Sequestration Perforating Into the Pleural Cavity in an Adult Patient
Kazuki Tamura, et al. 330

A Case of Granular Cell Tumor of the Trachea Diagnosed by Endotracheal Ultrasoundography
Masato Kitazawa, et al. 367

Pulmonary Alveolar Proteinosis Exacerbated by Aspergilloma
Takayuki Matsuhiisa, et al. 372

Bronchial Tuberculosis With a Longitudinal Ulcer in the Bronchial Mucosa
Yoko Sato, et al. 378

A Case of Endobronchial Metastasis From Gastric Carcinoma Resected 5 Years Previously
Takashi Yoshioka, et al. 447

Idiopathic Bronchomalacia With Bronchial Mucus Cast in an Elderly Patient
Motoko Yoshikawa, et al. 452

Chronic Eosinophilic Pneumonia With Relatively Short-term Progression:
One New Case and a Comparative Historical Review of the Literature
Kenichi Ogata, et al. 542

A Case of Inflammatory Myofibroblastic Tumor of the True Vocal Cord With Negative Pressure Pulmonary Edema
Kana Watanabe, et al. 547

A Case of Tracheal Resection and Reconstruction for Post-intubation Stenosis
Masashi Kobayashi, et al. 551

Text of Seminar for Bronchoscopy

Anesthesia and Intravenous Sedation on Bronchoscopy
Tetsuluko Go 383

Management for Infection Control in Bronchoscopy From the Guideline of Committee for Safety Control in Bronchoscopy of The Japan Society for Respiratory Endoscopy
Hiroshi Sembra 388

Risk Management in Bronchoscopy
Yoshinobu Ohsaki, et al. 391

Analysis of Bronchoscopic Findings
Takayuki Kaburagi, et al. 395

Bronchoalveolar Lavage
Mitsuko Kondo 401

Fundamental Respiratory Pathology for Clinicians
Tomoyuki Yokose 406

Bronchoscopic Microsampling Method
Akitoshi Ishizaka 457

Endobronchial Ultrasonography (EBUS)—Today’s clinical application
Taeko Shirakawa, et al. 461

Virtual Bronchoscopy
Fumihiro Asano 467

Endobronchial Radiation Therapy
Masanori Kaneda, et al. 472

Bronchial Occlusion
Yoichi Watanabe 475
Airway Stent ................................................................. Yoshio Tsunezuka ............................. 479

Proceedings

Symposium 1
Role of Bronchial Intervention at the Treatment of Advanced Lung Cancer Patient Yoji Watanabe, et al. .......... 561
Interventional Bronchoscopy in the Management of Early and Advanced Stage Lung Cancer of the Central Airways Shigemi Ishikawa, et al. ................................................... 565
Bronchoscopic Diagnosis in a Patient With Centrally Located Early-stage Lung Cancer Yuka Matsuoka Miyaz, et al. ........ 571
Photodynamic Therapy Using Autofluorescence Bronchoscopy Kyoko Nakanishi, et al. ........................................... 576
A Comparative Study of Sasada Transbronchial Angled Forceps for the Tissue Biopsy of Peripheral Pulmonary Lesions Which Are Difficult to Reach With Standard Forceps Shinji Sasada, et al. ... 580

Symposium 4
The Analyses of Angiogenesis in Bronchial Squamous Dysplasias Using a High Magnification Bronchovideoscope Combined With Narrow Band Imaging Kiyoshi Shibuya, et al. .................. 592
Results and Assessment of EBUS for Tracheobronchial Lesions Noriaki Kurimoto, et al. ............................................................................. 596
Thoracoscopy by the Flexible Bronchoscope —for Popularization of Thoracoscopy by Bronchoscopists— Hiroshi Semba .................. 603
Analysis of Pulmonary Epithelial Lining Fluid by Bronchoscopic Micorsampling Method for Various Pulmonary Diseases Masazumi Watanabe, et al. ........................................... 606

Workshop 2
Peripheral Visualization and Analogy of Pathophysiology of Chronic Lung Diseases Using Ultra-high-resolution CT Hirohiko Ikura, et al. ........................................... 611
Imaging and Physiology of Peripheral Airway With SPECT Kazuyoshi Suga ........................................... 617
Role of Small Airways in Asthma: Investigation Using High Resolution Computed Tomography Akio Niimi, et al. ........ 626

Poster 8
Bronchoscopic Findings in Patients With Primary Type Mycobacterium
Avium-intracellulare Complex Infection Soichiro Kanoh, et al. ................................................... 630
