CONTENTS

The Journal of the Japan Society for Respiratory Endoscopy
Vol. 36, No. 2 March 2014

Original Articles
Effects of Efforts to Reduce Bronchoscope Damage and Repair Costs .................................................... Yasunori Shikada, et al. .................. 121
Retrospective Comparison Between Endobronchial Ultrasound-guided Bronchoscopy and Standard Bronchoscopy in Clinical Practice .............................................. Seiji Nagashima, et al. ............... 126

Case Reports
A Case of Broncholithiasis Penetrating into the Bronchus Observed on Bronchoscopy ................................................................. Michiru Nomoto, et al. .......... 132
A Case of Racemose Hemangiomata with Hemoptysis from the Left Basal Segment of the Lung ........................................ Atsushi Sano, et al. ................. 138
A Post-tracheoplasty Granulomatous Stenosis Successfully Treated with Inhaled Fluticasone .................................................. Koji Inoue, et al. .................. 143
A Case of Bilateral Rheumatic Pleuritis Preceding Arthritis with Increased Adenosine Deaminase in Pleural Effusion .......... Hiroshi Wada, et al. ............... 147
A Case of Solitary Fibrous Tumor of the Pleura That Increased in Size After Resection of Renal Cell Carcinoma ................... Fumio Kurosaki, et al. .......... 153
A Case of Mediastinal Tuberculous Lymphadenitis Complicated with Intra-bronchial Perforation Due to Endobronchial Ultrasound Guided Transbronchial Needle Aspiration (EBUS-TBNA) .......... Sayaka Tachibana, et al. ........ 165
A Case of Aspergillus Empyema with Fungus Ball, Which Was Caused by Bronchopleural Fistula After Right Upper Lobectomy, Successfully Treated with Endobronchial Watanabe Spigots and Musculocutaneous Flap Plombage ........................................... Akiko Shotsu, et al. .......... 171
Effective Control of Bleeding with Endobronchial Watanabe Spigot (EWS) in Two Cases of Massive Hemoptysis After Unsuccessful Bronchial Artery Embolization (BAE) ........................................ Kentaro Ito, et al. ................. 176
A Case of Oral Cavity Metastasis After Lung Cancer Resection in Which Bronchoscopy was Effective ............................... Hidefumi Kita, et al. ............... 188
A Case of a Bronchial Foreign Body Consisting of a Fish Bone Which Was Difficult to Remove Bronchoscopically ........ Toyomitsu Sawai, et al. .......... 193
Two Cases of Bronchial Atresia in the Left Lower Lobe .......... Tsukasa Ishiwata, et al. .......... 197
