CONTENTS

The Journal of the Japan Society for Respiratory Endoscopy
Vol. 37, No. 3 May 2015

Original Articles
Examination of 5 Infant Cases with Severe Respiratory Failure
Associated with Influenza (H1N1)2009 Infection .................. Kosuke Suzuki, et al. .............. 261
Safety of Dexmedetomidine Use in Intubated Patients
for Sedation in Flexible Bronchoscopy Procedures ............... Dai Miura, et al. ...................... 267
Analysis of the Utility and Safety of Bronchoscopy Performed
in Combination with Sedatives and Local Anesthesia ........... Naotaka Noda, et al. ............... 273
Role of Thoracoscopy Under Local Anesthesia
for Malignant Pleural Effusion
—Study of Cases Without Lesions Suspected
of Malignant Pleural Diseases on Chest CT— ................... Takeshi Matsumoto, et al. ....... 279

Case Reports
A Case of Pleural Mesothelioma Diagnosed on Endobronchial
Ultrasound-guided Transbronchial Needle Aspiration ................ Takuma Yokoyama, et al. ...... 285
Successful Resection of Tracheal Pleomorphic Adenoma
with Venoarterial Extracorporeal Membrane Oxygenation ...... Junko Tokuno, et al. ................. 290
Nasogastric Tube Syndrome
Pulmonary Tumorlet Causing Bronchiectasis: a Case Report .... Hidekatsu Shibata, et al. ........ 297
A Primary Pulmonary Mucosa-associated Lymphoid Tissue
(MALT) Lymphoma Diagnosed
by Transbronchial Lung Biopsy (TBLB) ......................... Ryoko Osada, et al. .................. 303
A Case of Benign Tracheal Schwannoma Treated
with Tracheal Resection ................................................ Tetsuya Yokosuka, et al. ............ 308
Paraneoplastic Cerebellar Degeneration Successfully Treated
with Intravenous Immunglobulin in a Small Cell
Lung Cancer Patient with Limited Disease ....................... Takanobu Johtatsu, et al. ........ 312
Tuberculous Mediastinal Lymphadenopathy Difficult
to Diagnose by Endobronchial Ultrasound-guided
Transbronchial Needle Aspiration ................................. Manabu Sema, et al. ............... 319
A Primary Endobronchial Myxoma ................................ Fumihiro Ishibashi, et al. .......... 324
