The trend of global clinical trials - Implications of ICH E17

Inger Mollerup

Regulatory Affairs, Novo Nordisk A/S, Denmark

The ICH E17 guideline, General Principles for Planning and Design of Multi-Regional Clinical Trials, has passed Step 4 and thereby has entered the implementation phase .

This is a very important guideline for clinical trials moving forward. The key principles in the guideline and implications for planning multiregional clinical trials (including ethnic factors) will be discussed.
