# Table of Contents

## Plenary Session

**Educating Engineers in the US for a Global Workforce**  
Renata S. Engel ................................................................. 4

**Cooperation and Networking in EE: Spreading the European Way of QA and Accreditation (EUR-ACE SPREAD)**  
Claudio Borl and Elisa Guberti ............................................. 8

## International Session

**W-01 PBL Course for Leaders of Small Group in a Framework of Co-operative Education**  
Yasuo Utsumi, Takahiro Yonamine, Yoshihiro Kikuchi .......................... 16

**W-02 Promoting the Global Leader Education at the School of Engineering, UT**  
Makoto Yoshida, Kuniko Morimura ........................................... 20

**W-03 CST-NU Collaborates Foreign Universities for the Global Integration of Mechanical Engineering Education**  
Kristian Gunayan Basario, Masahiro Takei .................................. 24

**W-04 An Integrated Mentoring Model for the Effective Implementation of an Engineering Education Program**  
In-sook Kim, Jeong-Woo Choi, Seung-Hoon Lee ............................... 30

**W-05 Several Tips on the Skill of Patent Search**  
Masahiro Hiratsuka .............................................................. 34

**W-06 Virtual Classroom Environment for Multi-Lingual Problem Based Learning with US, Korean and Japanese Students**  
Hideyuki Kanematsu, Yoshimi Fukumura, Dana M. Barry, So Young Sohn, Ryosuke Taguchi, Sahar Farjami .................................. 38

**W-07 Ethics Consideration Engineering as Prevention of Engineering Ethics Education's being made Ruin**  
Genji Hotta ............................................................................. 42

**W-08 The Perception of Faculty Evaluation for Education in Engineering College in Yonsei University**  
So Yeon Kang, Jun-Haeng Heo, Yun Mook Lim ................................ 46
W-09 Virtual Instrumentation helps Promote International Cooperation in Engineering Education
   Ryota Ikeda ................................................................. 50

W-10 Projected-Based Hands-on Education in Tohoku University
   Kazuya Yoshida ............................................................ 56

W-11 Report on 2010 AEESEAP Workshop towards Washington Accord
   Hajime Fujita, Rowena Christina L. Guevara, Hong Gao ................... 60

W-12 Current Status and Future Challenges of Open Course Ware in Korea
   Doo Bong Han, Ji Yeon Lee ................................................ 66

W-13 Benefits, Challenges, and Sustainability of Open Course Ware
   Meena Hwang ................................................................... 72

W-14 Working Experience – Self-Efficacy – Engineering Education
   Jian Gao, A. E. Ward ....................................................... 76
