JOURNAL OF THE KYORIN MEDICAL SOCIETY

Vol. 35  2004  No. 1

CONTENTS

Images of Medicine
Myocardial Scintigraphy Confirmed the Improvement of Myocardial Perfusion
After Percutaneous Coronary Intervention..................................................Tohru NISHIMURA, Atsushi NAGAE, Eisai KACHI and Hideaki YOSHINO... (3)

Review Articles
Ethics in Medicinal Research and Service: Screening for Genetic Disorder..........................Shinobu GAMOU... (5)
Current Aspects of Endocrine disruptor Studies in Japan........................................Seiji MATSUMOTO and Makoto HONDA... (13)

Original Articles
Studies on Serotyping and Distribution of the Virulence Genes of
Escherichia coli Isolates from Humans in Saitama Prefecture................................Takayuki KURAZONO... (20)
Altered Pharmacokinetics of Prednisolone and Cortisol Suppression During
Oral Prednisolone Therapy in Patients with Nephrotic Syndrome......................................Mari TSUCHIYA, Akinori SOEJIMA, Akira YAMADA, Yoshikazu NAGASAWA, Hiromi SHIBASAKI, Junya MARUYAMA, Takashi FURUTA and Yasuo KASUYA... (31)

An Epidemiological Analysis on the Contribution of
Obesity to Multiple Risk Factor Syndromes............................................................................Yu SUMIYA... (41)
Analysis of the Gene Expression Levels in Fibroblasts Obtained from
Hypertrophic Scar by the cDNA Expression Array...........................................................................Akira NOMURA, Yoshinori TAKAMI, Tetsuo SAKAI, Shunhan KOH, Ichiro TAKABATAKE, Yujin CHIN, Hideo MATSUO, Hideki GONDOH, Katsumi TSUCHIYA, Rika YOSHIE, Atsuo MURATA, Ken OGO and Akira WAKIZAKA... (51)

Testicular Sperm Extraction for Azoosperma: Prediction of
Sperm Retrieval Rates Using Endocrine Profiles..................................................................................Tsuneo OZAKI... (61)
Differential Effect of Chronic Administration of Scopolamine or Diazepam on
Spatial Learning Performances on the Eight Arms Radial-maze in Rats...............................Chika MURAKAMI... (68)
The Role of NMDA Receptor/nNOS Pathway on Passive Avoidance Learning
and Memory Processes in Rats and the Effect of DHEAS, as a Neurosteroid, on their Processes............................................................................................................Ryusuke KATO... (77)
Characterization of Acellular Allogeneic Dermal Matrix Treated with
Various Disinfecting and Sterilizing Methods.......................................................................Jingping GUO and Yoshihiro TAKAMI... (85)
Concentrations of Vascular Endothelial Growth Factor (VEGF)
in the Endometrial Fluid (EMF) and the Genitale and
Malignant Diseases of the Uterine Body.........................................................................................Mitsure HANASHI... (97)

Case Report
A Case of Chronic Liver Dysfunction which Developed Hepatic Failure after Surgery
for Intraductal Papillary-mucinous Tumor of the Pancreas..................................................Kaoru YAMAMOTO, Masanori NUGYAMA, Koichi TAKEI, Karutoki KOGURE, Hideaki MORI, Shinichi TAKAHASHI, Hitoshi ISHIDA, Makoto TOYAMA, Shinichi KANEKO, Yauhide IWAO, Kuniaki IHIARA and Yatake ATOMI... (109)
