Subject Index (Vol. 44, 2002)

A
Acrylonitrile-butadiene-styrene plastics 56
Acrylonitrile-butadiene rubber 56
Alcoholism 50
Arginine 15
Arginine metabolism 15
Arteriosclerosis 131
Augmentation index of central artery 131

B
1,3-Butadiene 56
Brief job stress questionnaire 17

C
CO 20
Computer software engineers 117
Counseling 50
Crisis intervention 50
Cross-sectional study (ies) 6, 242

D
Dental research 6

E
Economic costs 64
Employee Assistance Program 50
Evaluation of exposure conditions 106
Exfoliative dermatitis 33
Exposure concentration 106

F
Follow-up system after returning to work 100
Forklift 180

G
Geriatric diseases 242

H
Hazardous chemical substances 188

I
Improvement of office environment 175
Industrial hygiene supervisor 188
Industrial physician 188
Industrial Safety and Health Law 224
Inorganic mercury 15

J
Job stress 125, 219
Job stress assessment diagram 17

L
Life style 12
Long overtime work 175
Long-term employment 175
Low back pain 180

M
Management of stress 100
Mental health 50, 242
Mental health care 100
Mental health measures 200
MSDS (Material Safety Data Sheet) 188

O
Occupational health physician 224
Occupational health promotion center 188
Occupational health staff 125
Occupational mental health 100
Occupational stress 242
Occupational stressor 117
Office worker 175

P
Permissible exposure limit 106
Personnel management system 224
Physical factor 12
Processing plants 56

R
Reinstatement criteria system 100
Rubber 56

S
Self-report questionnaire 235
Short sampling duration 106
Shukko working form 242
Small-scale enterprises (SSEs) 200
Smoking 6
Steam locomotive 20
Stevens-Johnson syndrome 33
Stress management 1, 17, 125, 175, 219
Stress prevention 1
Stress reduction 95, 219
Stressor and stress reduction strategy 117
Styrene-butadiene rubber 56
Support from superiors and colleagues 175
Surface EMG 180

T
Tetrachloroethylene 33
Trichloroethylene 33

V
VDT work 175

W
Work Conditions and Ergonomics 87
Work-related musculoskeletal disorders 64, 180
