Kondo et al. (2013) presented the root mean square errors (RMSE) in their Figs. 4 and 5. However, it turned out that the mean absolute errors (MAE) were shown instead. The descriptions of Kondo et al. (2013) will be consistent if we replace all “RMSE” to be “MAE” for their Figs. 4 and 5 and the related descriptions in Sections 4 and 5. The conclusions do not change due to this error.
