A Note to 64th Report of the Peroxidase Reaction—"In the Blood Basophile Leucocyte Oxidase- and Peroxidase-Positive?"

By

Tamotsu Suzuki and **Masayuki Shinto.**

(鈴木 保)

(進藤正之)

(From the Department of Pediatrics, Faculty of Medicine, Tohoku Imperial University, Sendai.

Director: Prof. A. Sato.)

Figs. 1 and 2. Brown granules of mast cells are not distinctly printed, so that the cytoplasm appears homogenous, but they ought to have been printed as discrete brown granules quite distinctly.
