

Instruction to Authors

We can receive only printed papers with two copies and electronic files (text and figures), which are submitted via classical, regular air-mail, but not e-mail. If you hurry to publish your papers, we recommend you to submit the papers to other journals of your fields in which online submission is available. Submission of a paper to the AOHC must be based on the tacit assurance that no similar paper, except for a preliminary report, has been or will be submitted for publication elsewhere.
